## Bargaining Update: December 17, 2013

It's been a long day!

Today we presented articles on Workload, Compensation, Vacation and Holidays, and Leaves of Absence.

1. The Employer reviewed what we presented and returned their versions of Workload, Compensation, Vacation and Holidays, and Leaves of Absence.
2. The Employer has not budged on Workload from what the current status is.
3. There is no movement on our Compensation proposal.
4. Vacation and Holidays is close to signing off.
5. Leaves of Absence has had some movement that benefits our membership

We are currently working on security of employment.
